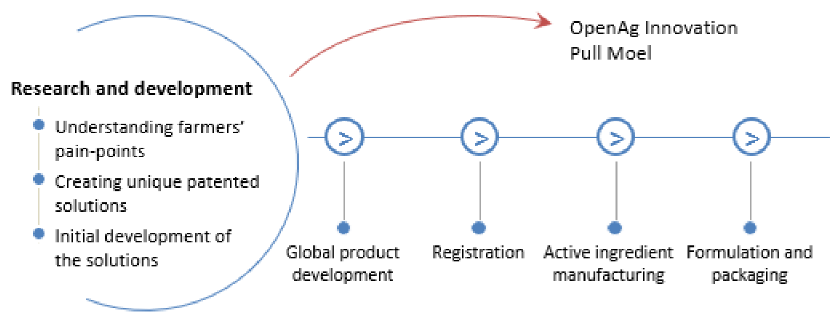
Business model – Value creation process



Company Description

- UPL Limited comprises of four pure-play platforms that include:
  1) UPL Corporation Ltd (UPL Corp)
  2) UPL Sustainable Agri Solutions Ltd. (UPL SAS)
  3) Advanta Enterprises Ltd.
  4) Superform Chemistries Ltd.
- Company's vision is to be an icon for technology growth and inovation, with vision to make every single food product more sustainable.

  UPL is committed to transforming global food chains, empowering growers, making farming practices more sustainable, and ensuring consumers have safe, healthy and nutritious food.

KEY TAKEAWAY – Message from

CEO-Global Crop Protection

▶ UPL undertook significant organizational restructuring, including regional realignment and cost optimization, resulting in improved efficiency, reduced discretionary spending, and greater agility.

▶ Despite industry challenges, UPL maintained strong market share and delivered stable margins. EBITDA margins improved by nearly 800 basis points due to operational excellence and disciplined cost control.

▶ The company's differentiated and sustainable product portfolio, supported by robust R&D and recent key launches, is expected to drive future growth. Over 80% of the $5 billion product pipeline is from differentiated and sustainable products, targeting 50% of sales from this segment by FY27

▶ The company expects growth in FY25, with improved profitability from normalized margins,

with low-cost base

SWOT Analysis of UPL

Opportunities

▶ Rising global demand for sustainable and eco-friendly crop protection solutions offers growth potential.

▶ Expansion in emerging markets like Africa and Southeast Asia can unlock new revenue streams.

▶ Strategic partnerships, acquisitions, and digital agriculture initiatives expected to improve operational efficiency.

PESTEL Analysis of UPL Ltd.

Political

▶ Operates in over 130 countries, exposed to diverse regulatory and trade environments.
▶ Benefits from agricultural subsidies and government support in key markets.
▶ Faces increasing scrutiny and regulation on crop protection products, especially in Europe and North America.
▶ Geopolitical tensions and trade barriers can disrupt supply chains and market access.
▶ Policy changes on agrochemicals and sustainability directly impact product approvals and sales.access.

News About Company

1) $350 million investment in Advanta (seeds business) from Alpha Wave Global, supporting global expansion and innovation

2) Strong pipeline of new product launches ($85M+ in FY25, $130M+ in FY26) focused on sustainable and high-margin offerings

Positives and its impact

Cost Control and Inventory Optimization

Management responded to the crisis with aggressive cost-cutting, inventory reduction, and tighter credit management.	Impact: limit further losses and margin recovery

Negatives and its impact

WC Stress and Inventory increase

UPL's working capital cycle worsened, with inventory days rising due to slow-moving stock and delayed sales.	Impact: Net working capital days increased to 86 in FY24 (from 53 in FY23)
